1. Guest Lecture on Intellectual property Right Awareness 4 Feb 2023

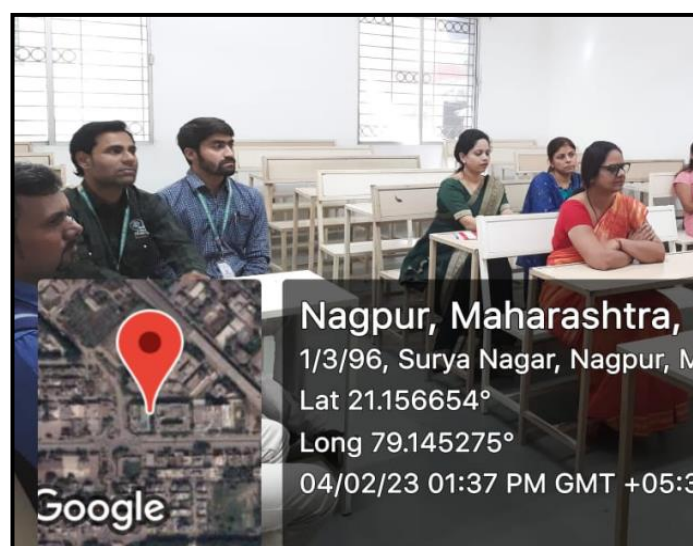

Two programs on “Intellectual property rights Awareness” were organized under the National Intellectual property Awareness Mission (NIPAM) of Government of India.

1. On February 4th, 2023, a program was organized **for students** featuring Mrs. Megha Agrawal as the guest speaker. She delivered an insightful session on the importance of patents, focusing on the "why" and "how" aspects. Her talk aimed to educate students on the significance of intellectual property, the processes involved in patent filing, and the benefits it offers to innovators and creators. The session provided valuable knowledge for students aspiring to protect their inventions and ideas.

2. On the same date, a specialized workshop on "National and International Patents" was conducted for the **teaching staff**. This advanced-level program delved into the detailed processes of filing patents both at the national and international levels. The session provided in-depth insights, covering legal, procedural, and strategic aspects of patent filing. The workshop proved highly beneficial, as many attendees successfully filed patents following the guidance received during this session.
